

## Solutions

**First, match the professionals on the left column with their workplaces on the right column. Then write sentences explaining where the different professional work. The first one is already made for you.**

- e.g. A shop assistant works in a shoe shop.
- A shop assistant works in a pet shop. \_\_\_\_\_
- A barber works in a hairdresser's. \_\_\_\_\_
- A pump attendant works in a petrol station. \_\_\_\_\_
- A mayor works in a town hall. \_\_\_\_\_
- A shop assistant works in a greengrocer's. \_\_\_\_\_
- A pharmacist works in a chemist's. \_\_\_\_\_
- A baker works in a bakery. \_\_\_\_\_
- A shop assistant works in a sports shop. \_\_\_\_\_
