Subject: Requesting information

Subject

Dear team at Caring Hands, **Opener**

**B
o
d
y**

My name is Richard Feynman. I am a student at Blas Infante High School in Córdoba, Spain. Here at the school we are very concerned about the current climate emergency. We learnt about your NGO while researching for a project, so I am reaching out because I would like to learn some details about *Caring Hands* and how we can be of help.

Are you planning to bring *Caring Arms* into our city? Could I work as a volunteer here? Would you send me any materials or literature to distribute among students and staff?

Thanks for your great work.

Yours faithfully,
Estelle Faulkner.
